In addition you will have access to members' only pricing when reordering the wines you enjoy most.

Testimonial

“Unbelievable value for money! I would gladly pay retail prices for the wines that the Club selects just knowing that the wine is high quality and legitimate, but when you add in the service, convenience and education, and the fact that I am paying LESS than retail price... Signature Wine is amazing!” - Jeff E.

Convenience, Quality & Value

If you're a person who is familiar with wines, but looking to expand your knowledge and appreciation—and taste wines that you may not be able to find in Beijing? Join us!

Whether you subscribe for yourself to learn about the vast world of wine as a “wine correspondence course” or are giving a membership as a thoughtful gift, Signature Wine Club can help you find precisely what you need and fulfill your vinous hopes and desires.

Signature Wine, China's premier subscription service

Each two or three bottle package is shipped with our informative educational notes describing who made the wine, where it was produced, what makes it a unique tasting experience, how you should cellar it and what foods it pairs well with, as well as many other useful facts for your interest.
